**Legenda:**
- SF: Sorteio de Fim de Semana e Férias
- SD: Sessões de Dúvida
- T: Técnico (cadastrado)
- D: De
- P: P: Apê inicial de Semana e Férias
- PN: Plantão Normal
- PM: Plantão Mensal

**Applying the legend to the table:***

The table represents the schedule for the week of February 2018, with columns for each day of the week from Sunday to Saturday, and rows for each week of the month. The entries indicate which staff are scheduled for duty on each day, with additional annotations for specific events or conditions such as 'sorteio de fim de semana e férias' (sorteio de fim de semana e férias), 'sessões de dúvida', and 'apê inicial de semana e férias'.

**Notes:**
- The table is designed to ensure that the staff are evenly distributed across the week, with consideration for various conditions and exceptions.
- The schedule is tailored to balance workloads and provide adequate coverage for all shifts.

**Additional Information:**
- The table also includes a section for 'nomes' (names) and 'cargo' (position), indicating the specific staff members assigned to each duty.

**Visual Representation:**
- The table is structured in a grid format with clear headings for each day of the week and each week of the month, facilitating easy reading and interpretation.

**Conclusion:**
- The table is an efficient tool for managing and communicating the weekly schedule of staff, ensuring that all necessary duties are covered and that the staff are aware of their responsibilities.

---

**For clinical applications:**
- This schedule can be used in hospitals or clinics to ensure that all necessary duties are covered and that the staff are aware of their responsibilities.
- The schedule is designed to balance workloads and provide adequate coverage for all shifts.

---

**For medical professionals:**
- This table can be used to plan and manage the daily and weekly work schedules of medical professionals.
- The schedule is designed to ensure that all necessary duties are covered and that the staff are aware of their responsibilities.

---

**For administrative purposes:**
- This table can be used by hospital management to plan and manage the daily and weekly work schedules of staff.
- The schedule is designed to ensure that all necessary duties are covered and that the staff are aware of their responsibilities.
